# The Project

**My best middle school memory**

**You are going to leave Jean Moulin middle school in a few months to live new adventures in another place, with new people too.**

**If you could sum up your years in Jean Moulin with one picture, what positive visual memory would you keep?**

**All models and framings are possible: the playground or an architectural detail, an overview of the middle school, a portrait...**

- **Just be sure to be outside !**
- **Don't expose your camera to the rays of light for too long !  
(maximum exposure to light : 2 minutes, depending on the weather)**
- **Don't move / Stay still if you want a sharp result !**
- **After the exposure time, be careful to hide the little hole !**

**Two attempts by group (maximum)**

**One final art production**

# Using a pinhole camera

• **some failed attempts** •

# • achievements •

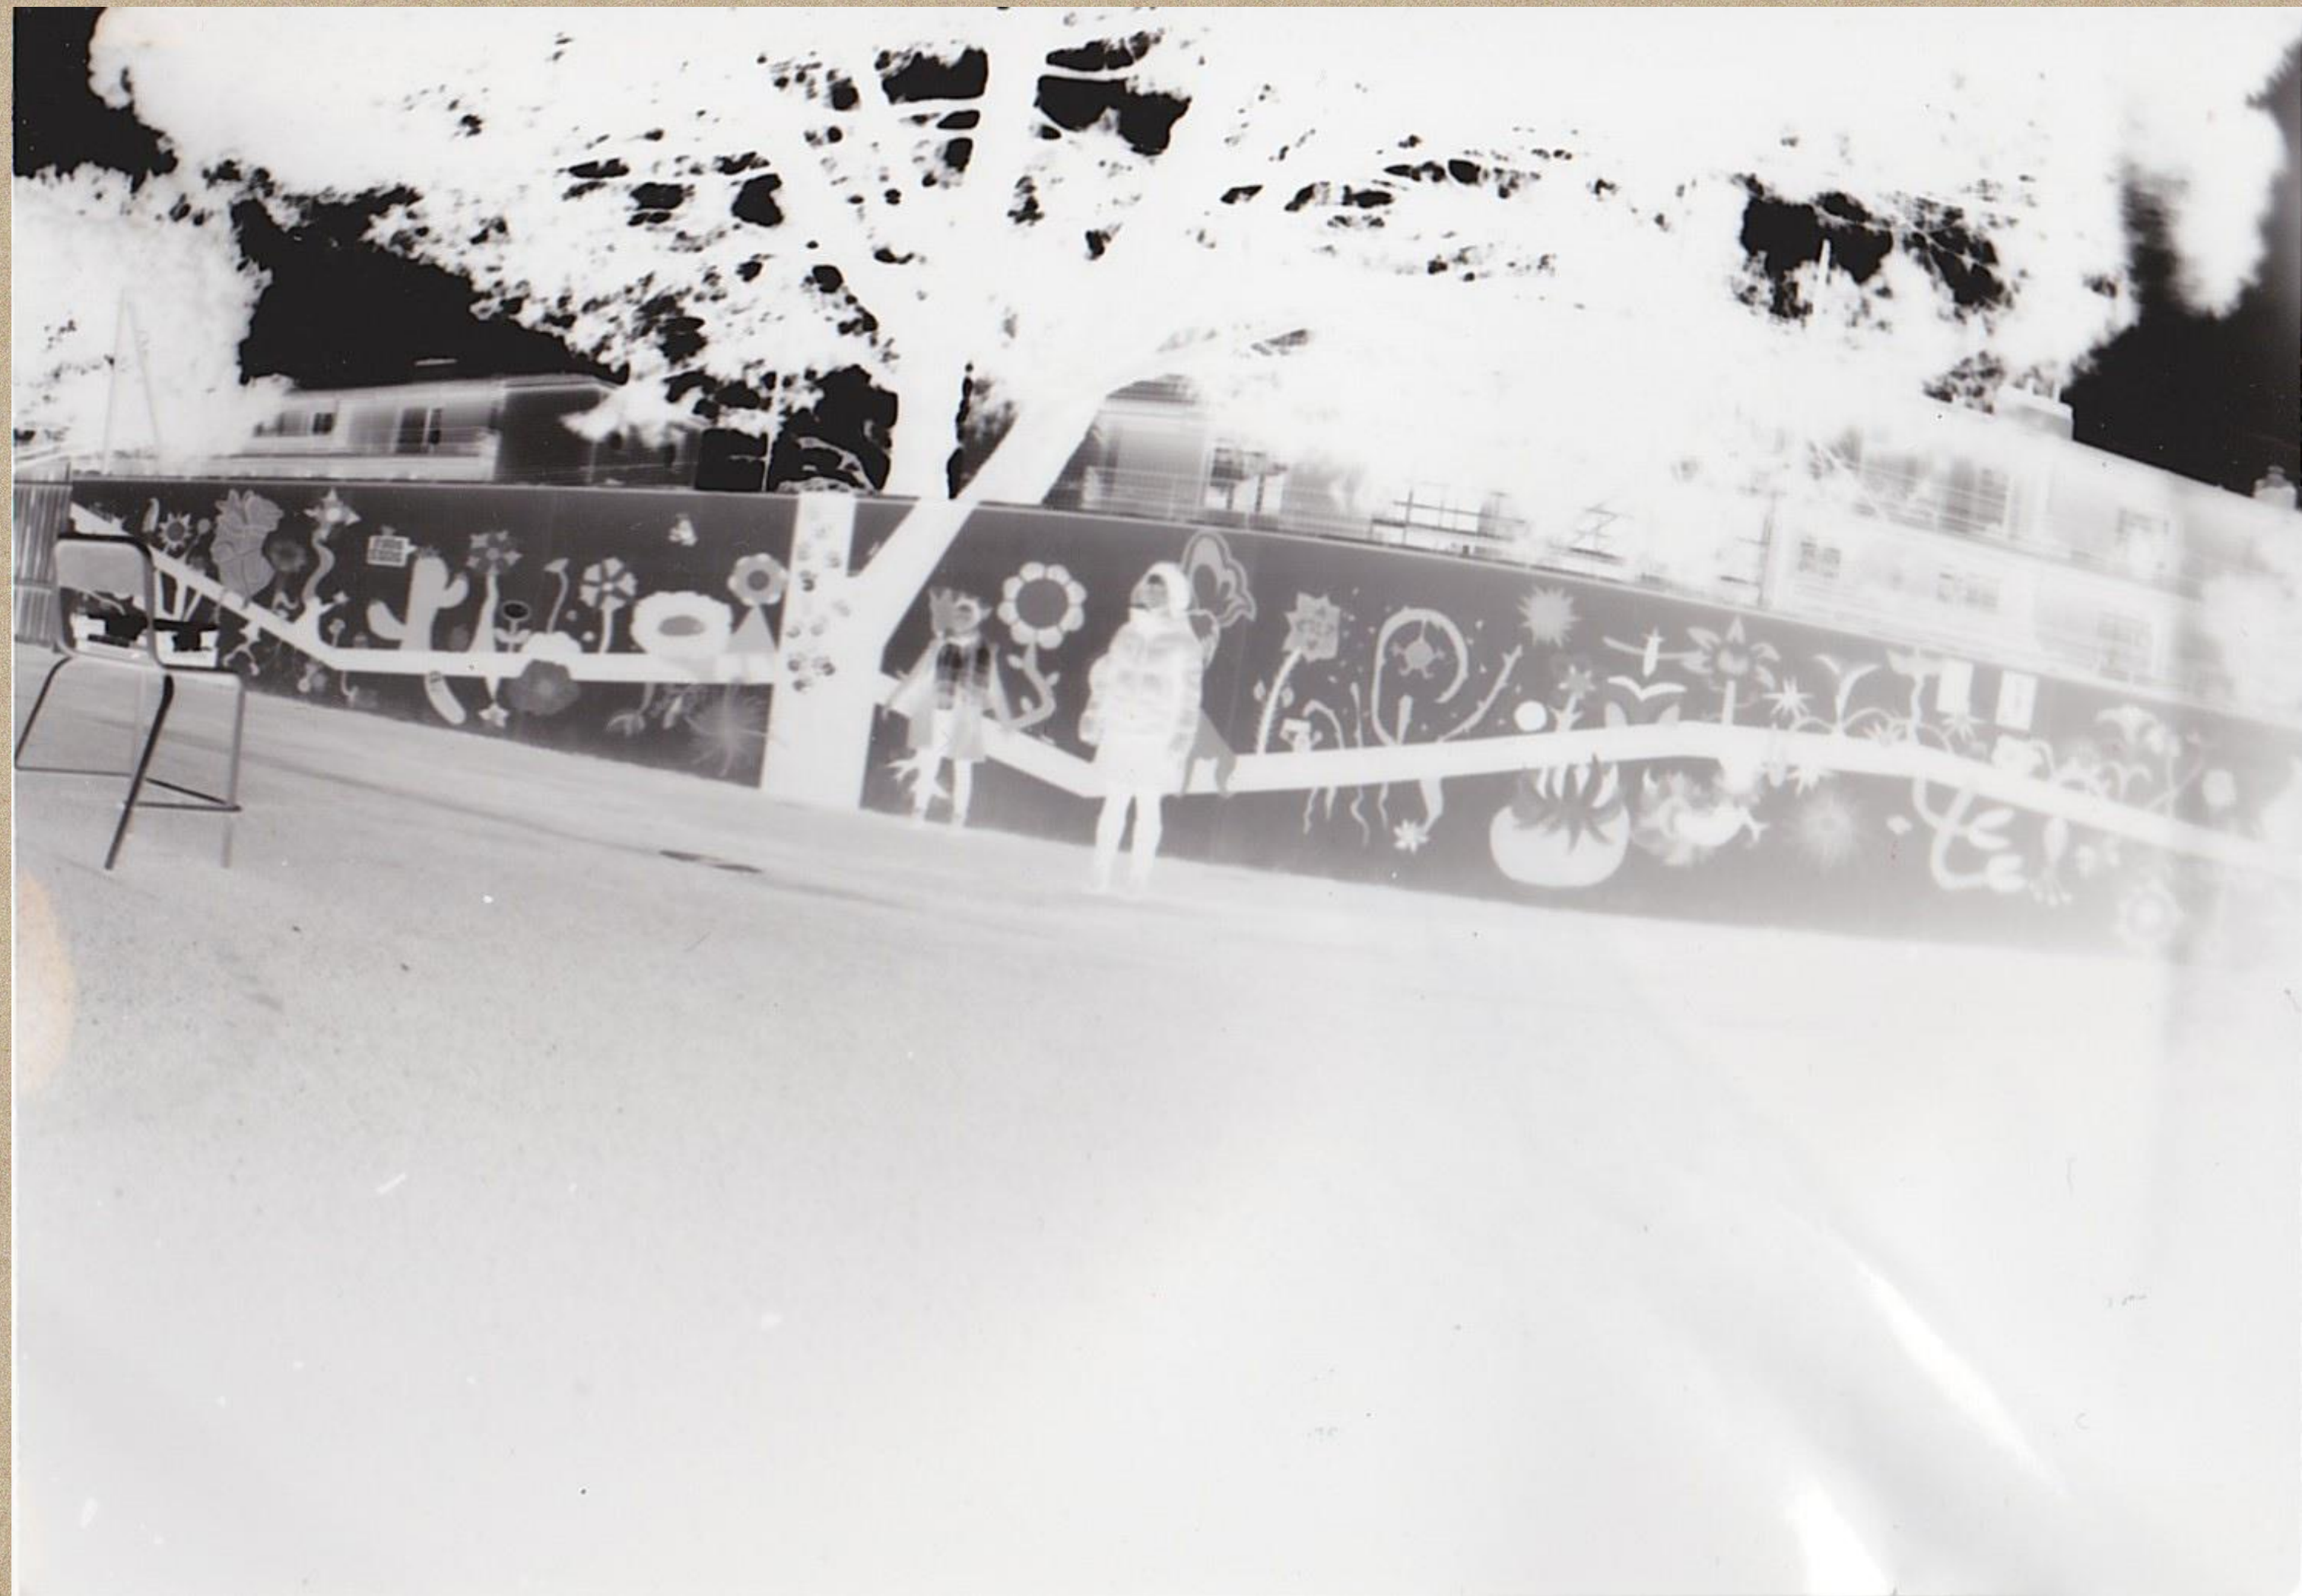

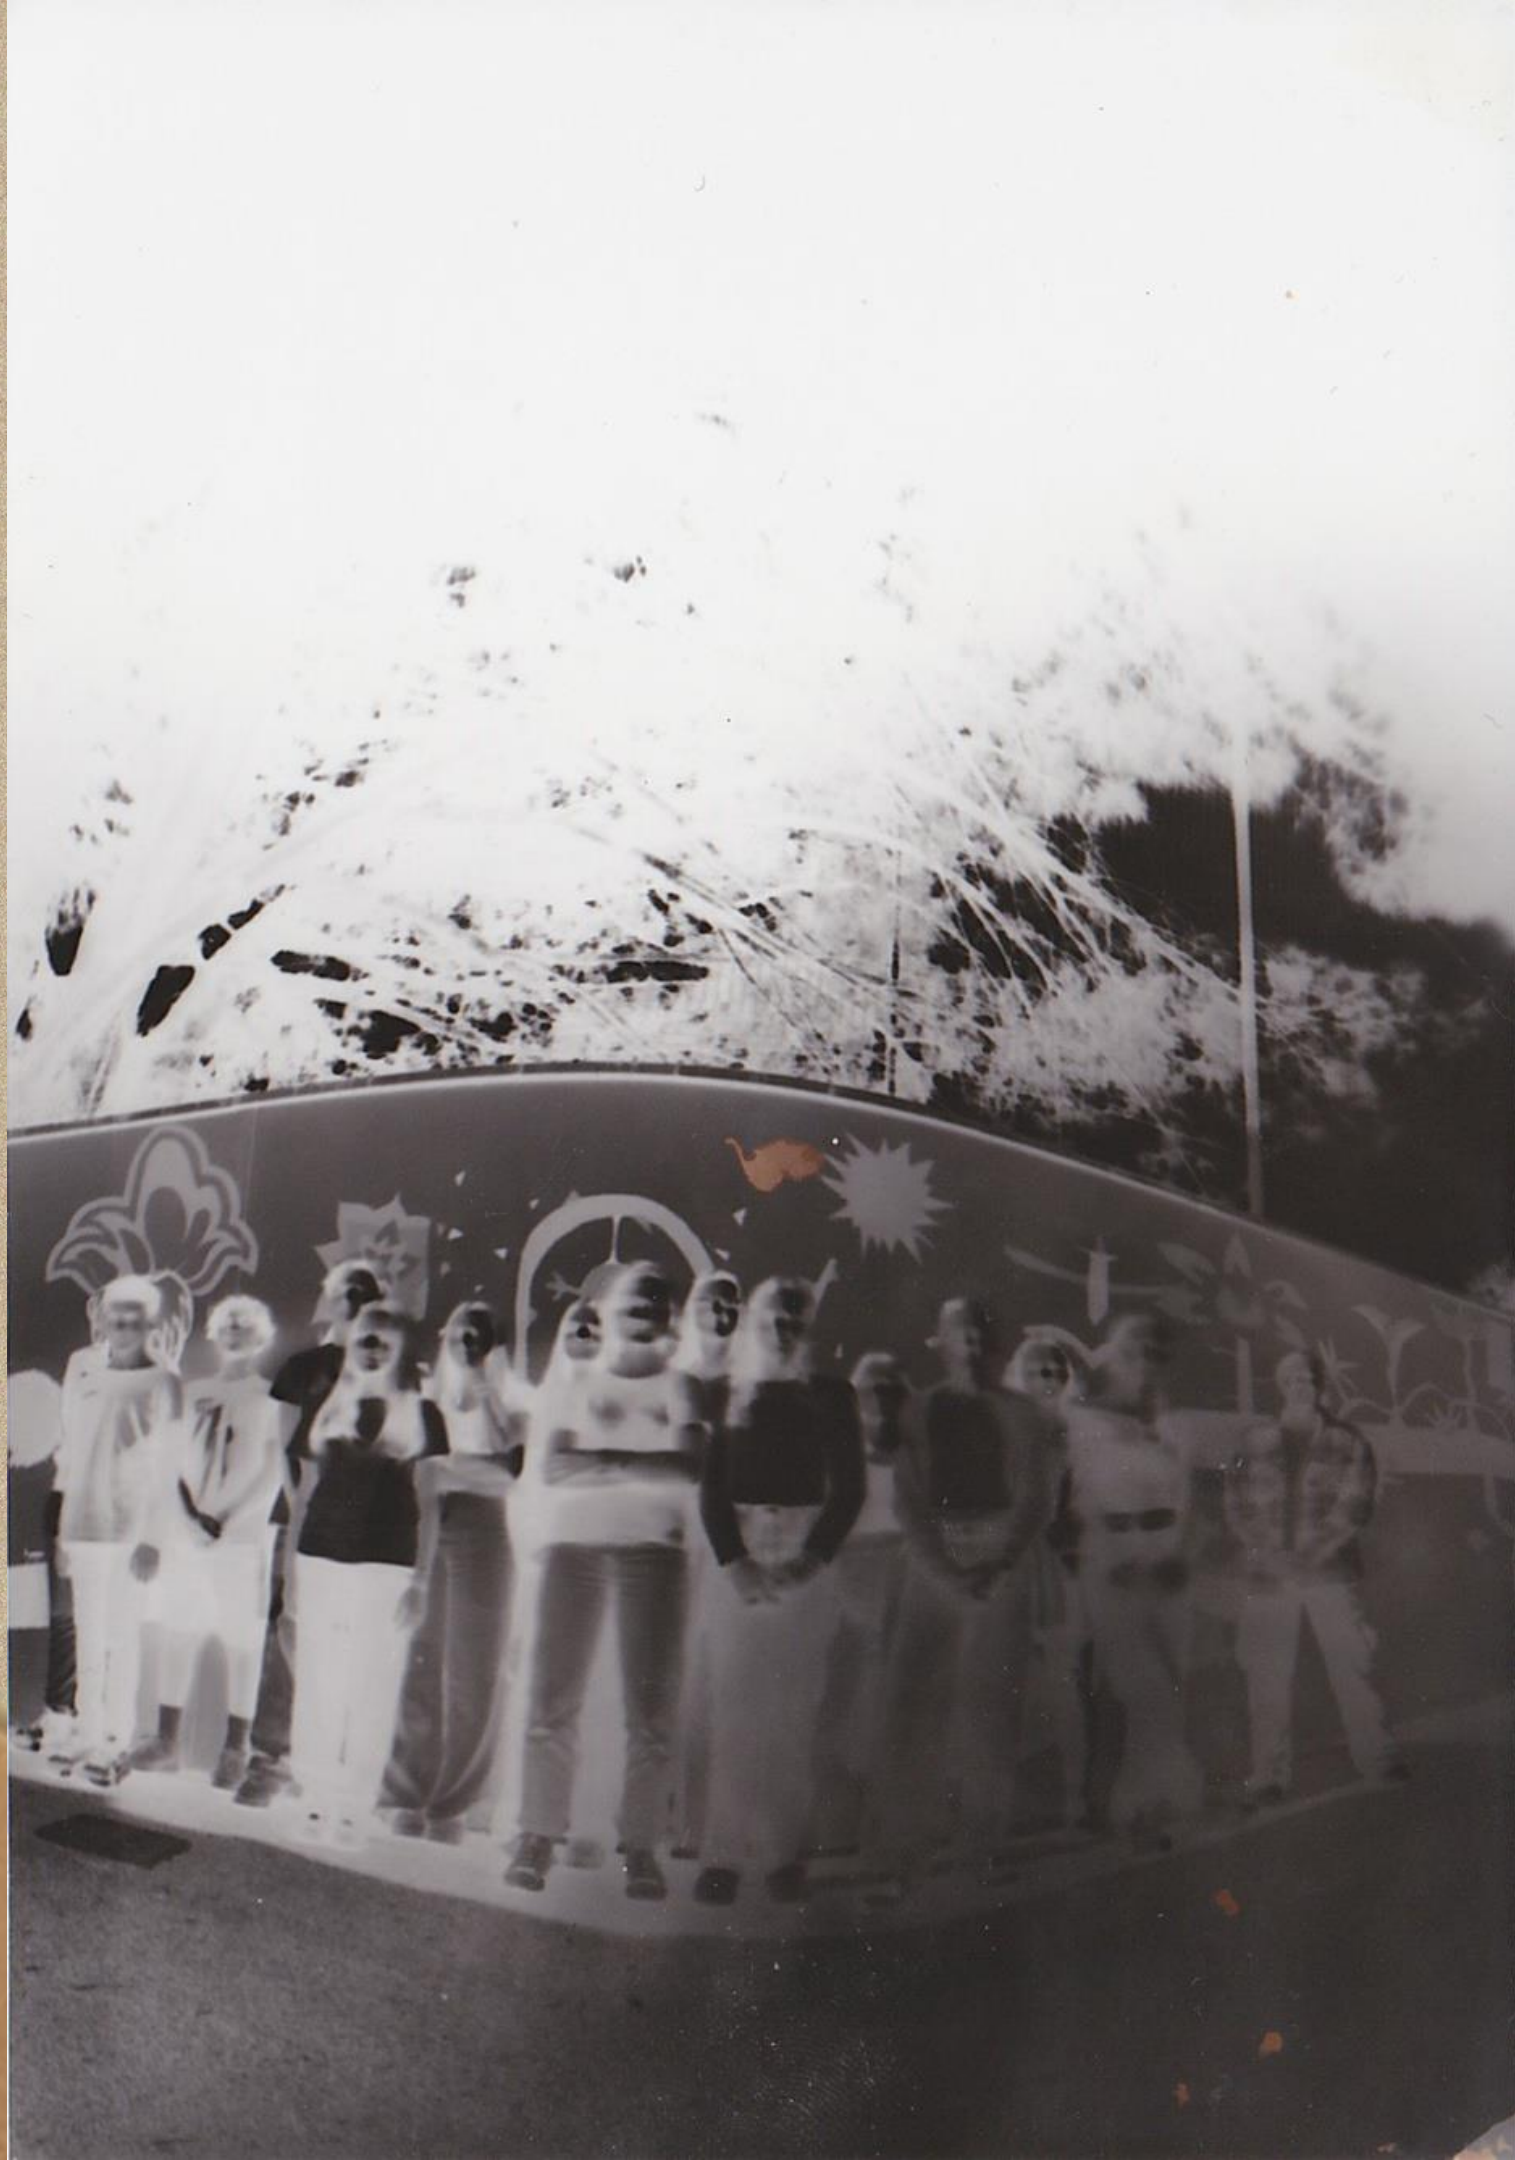

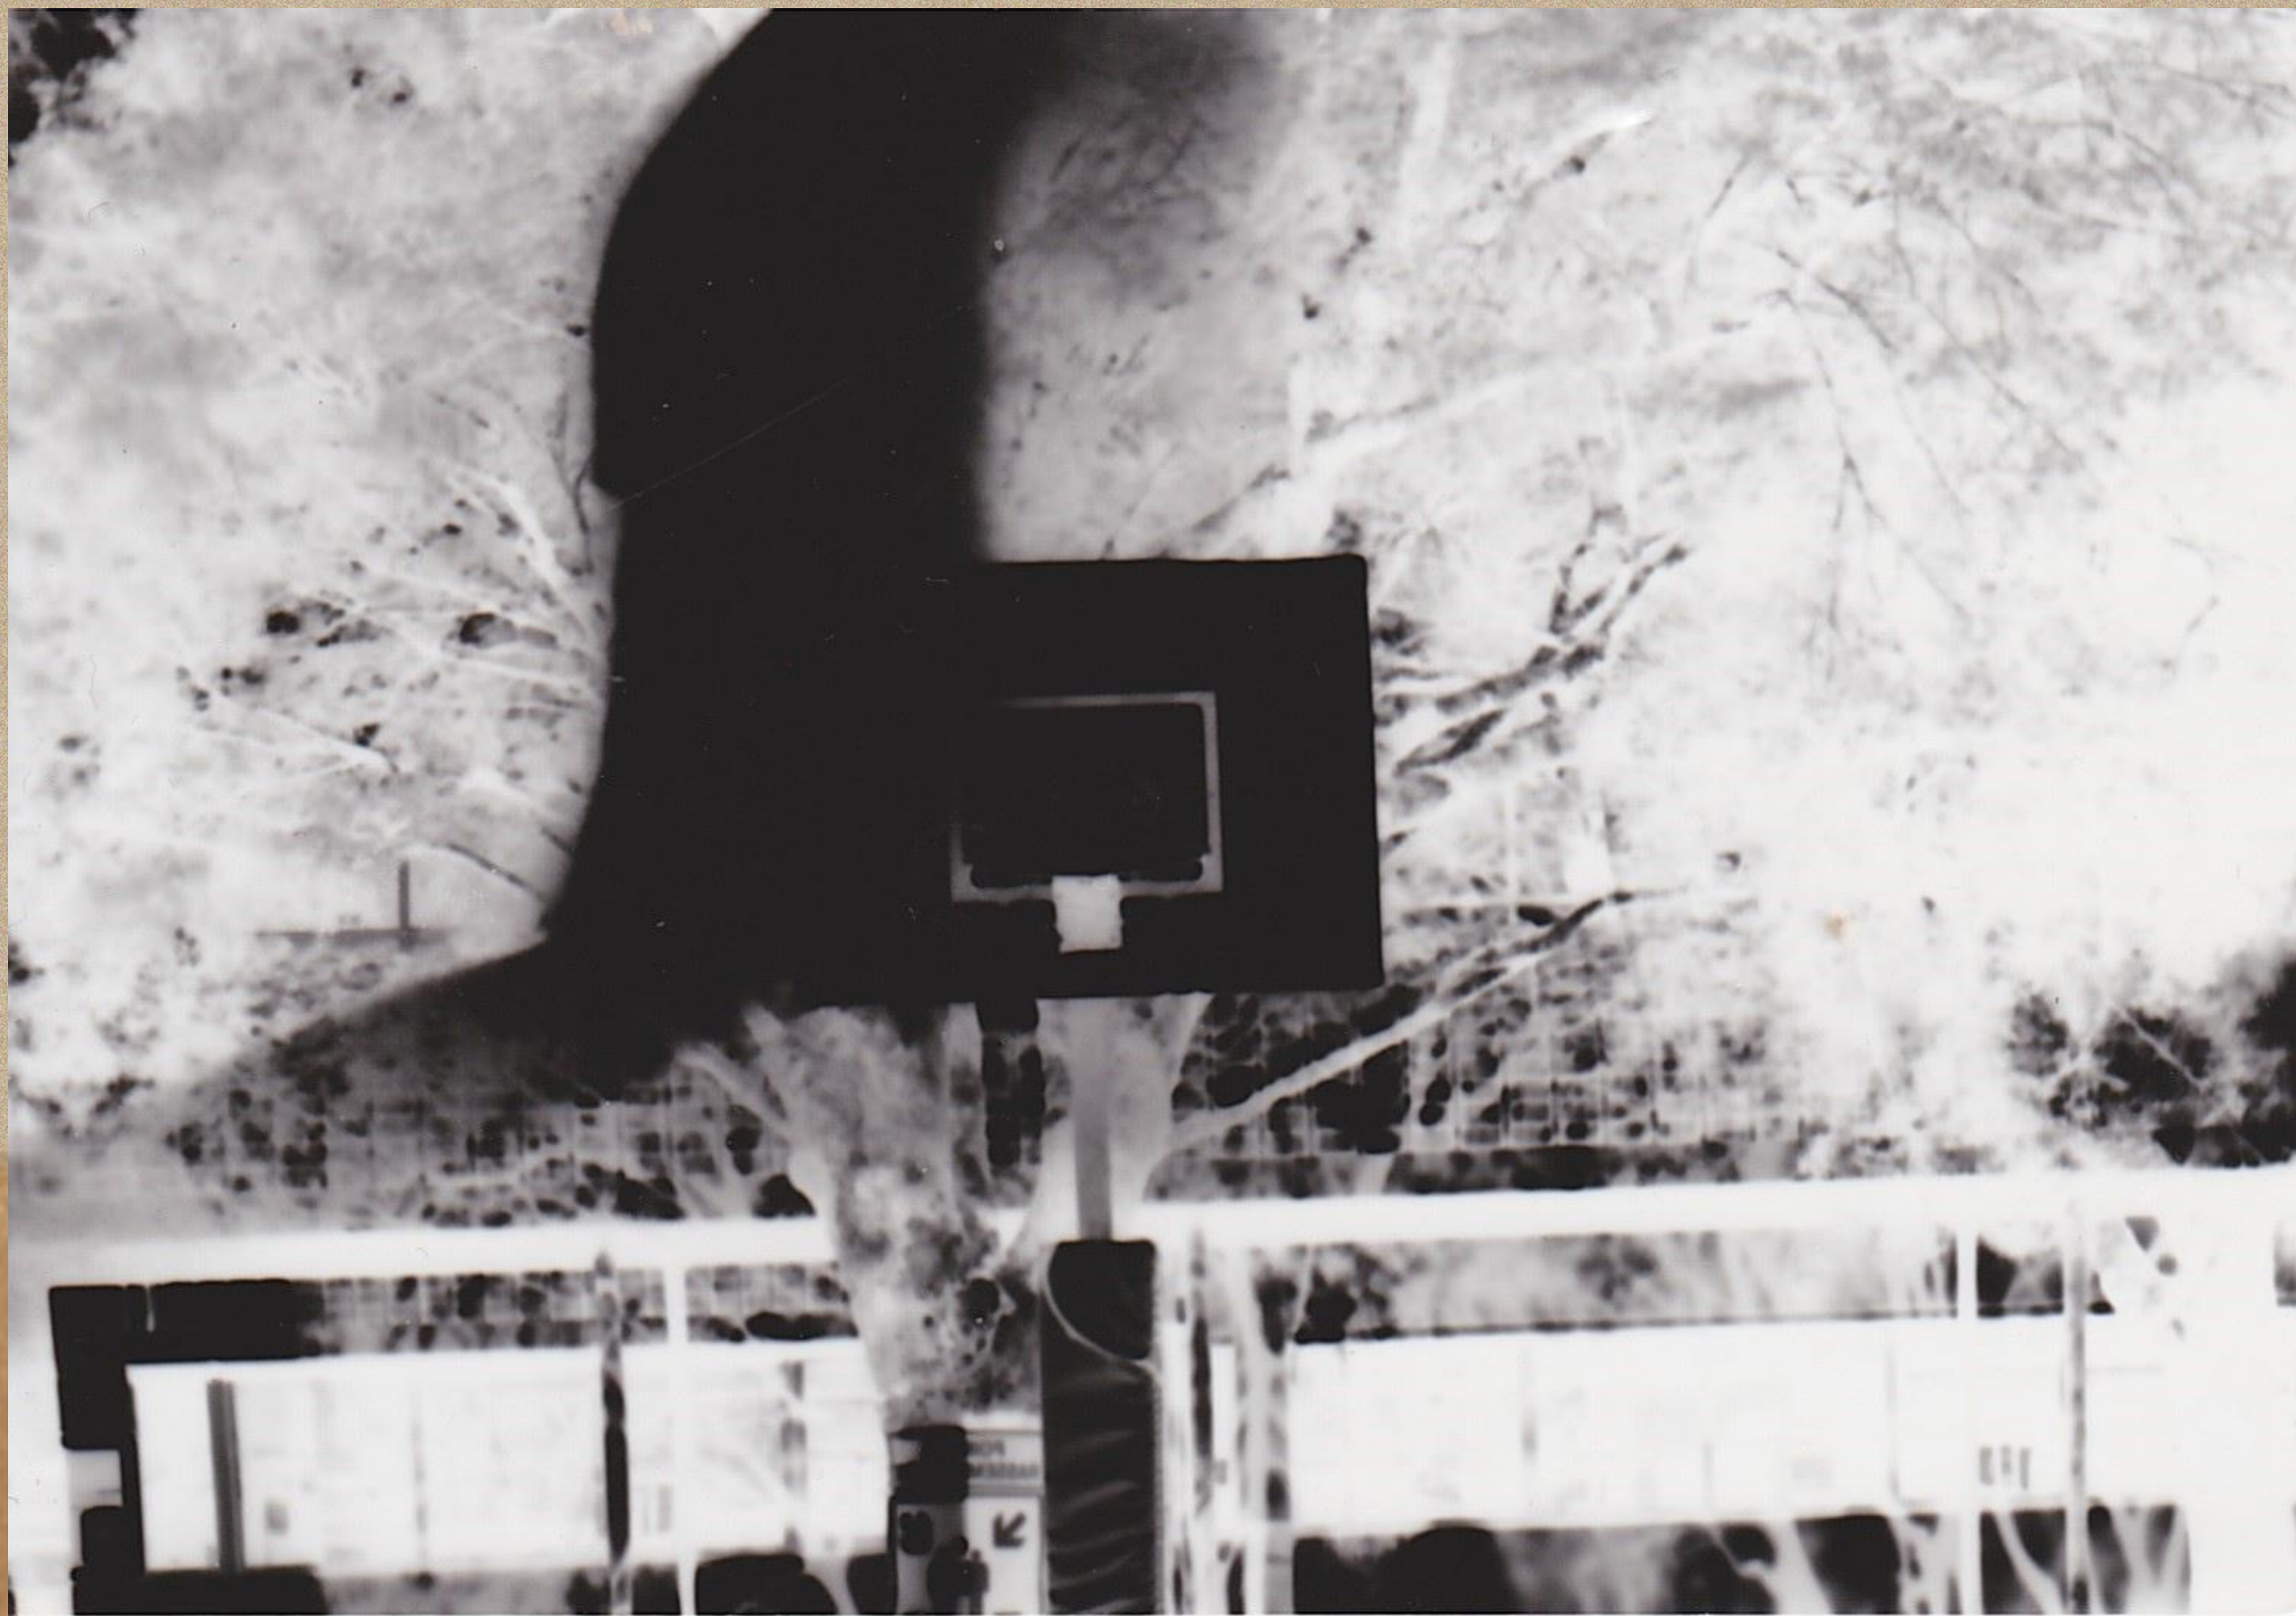

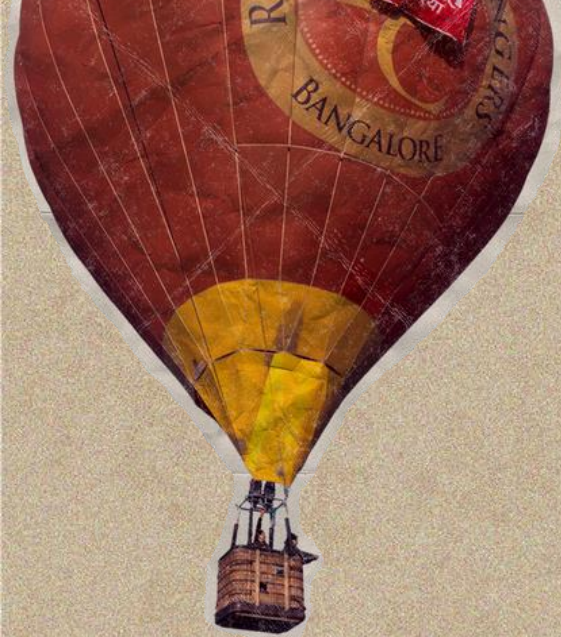

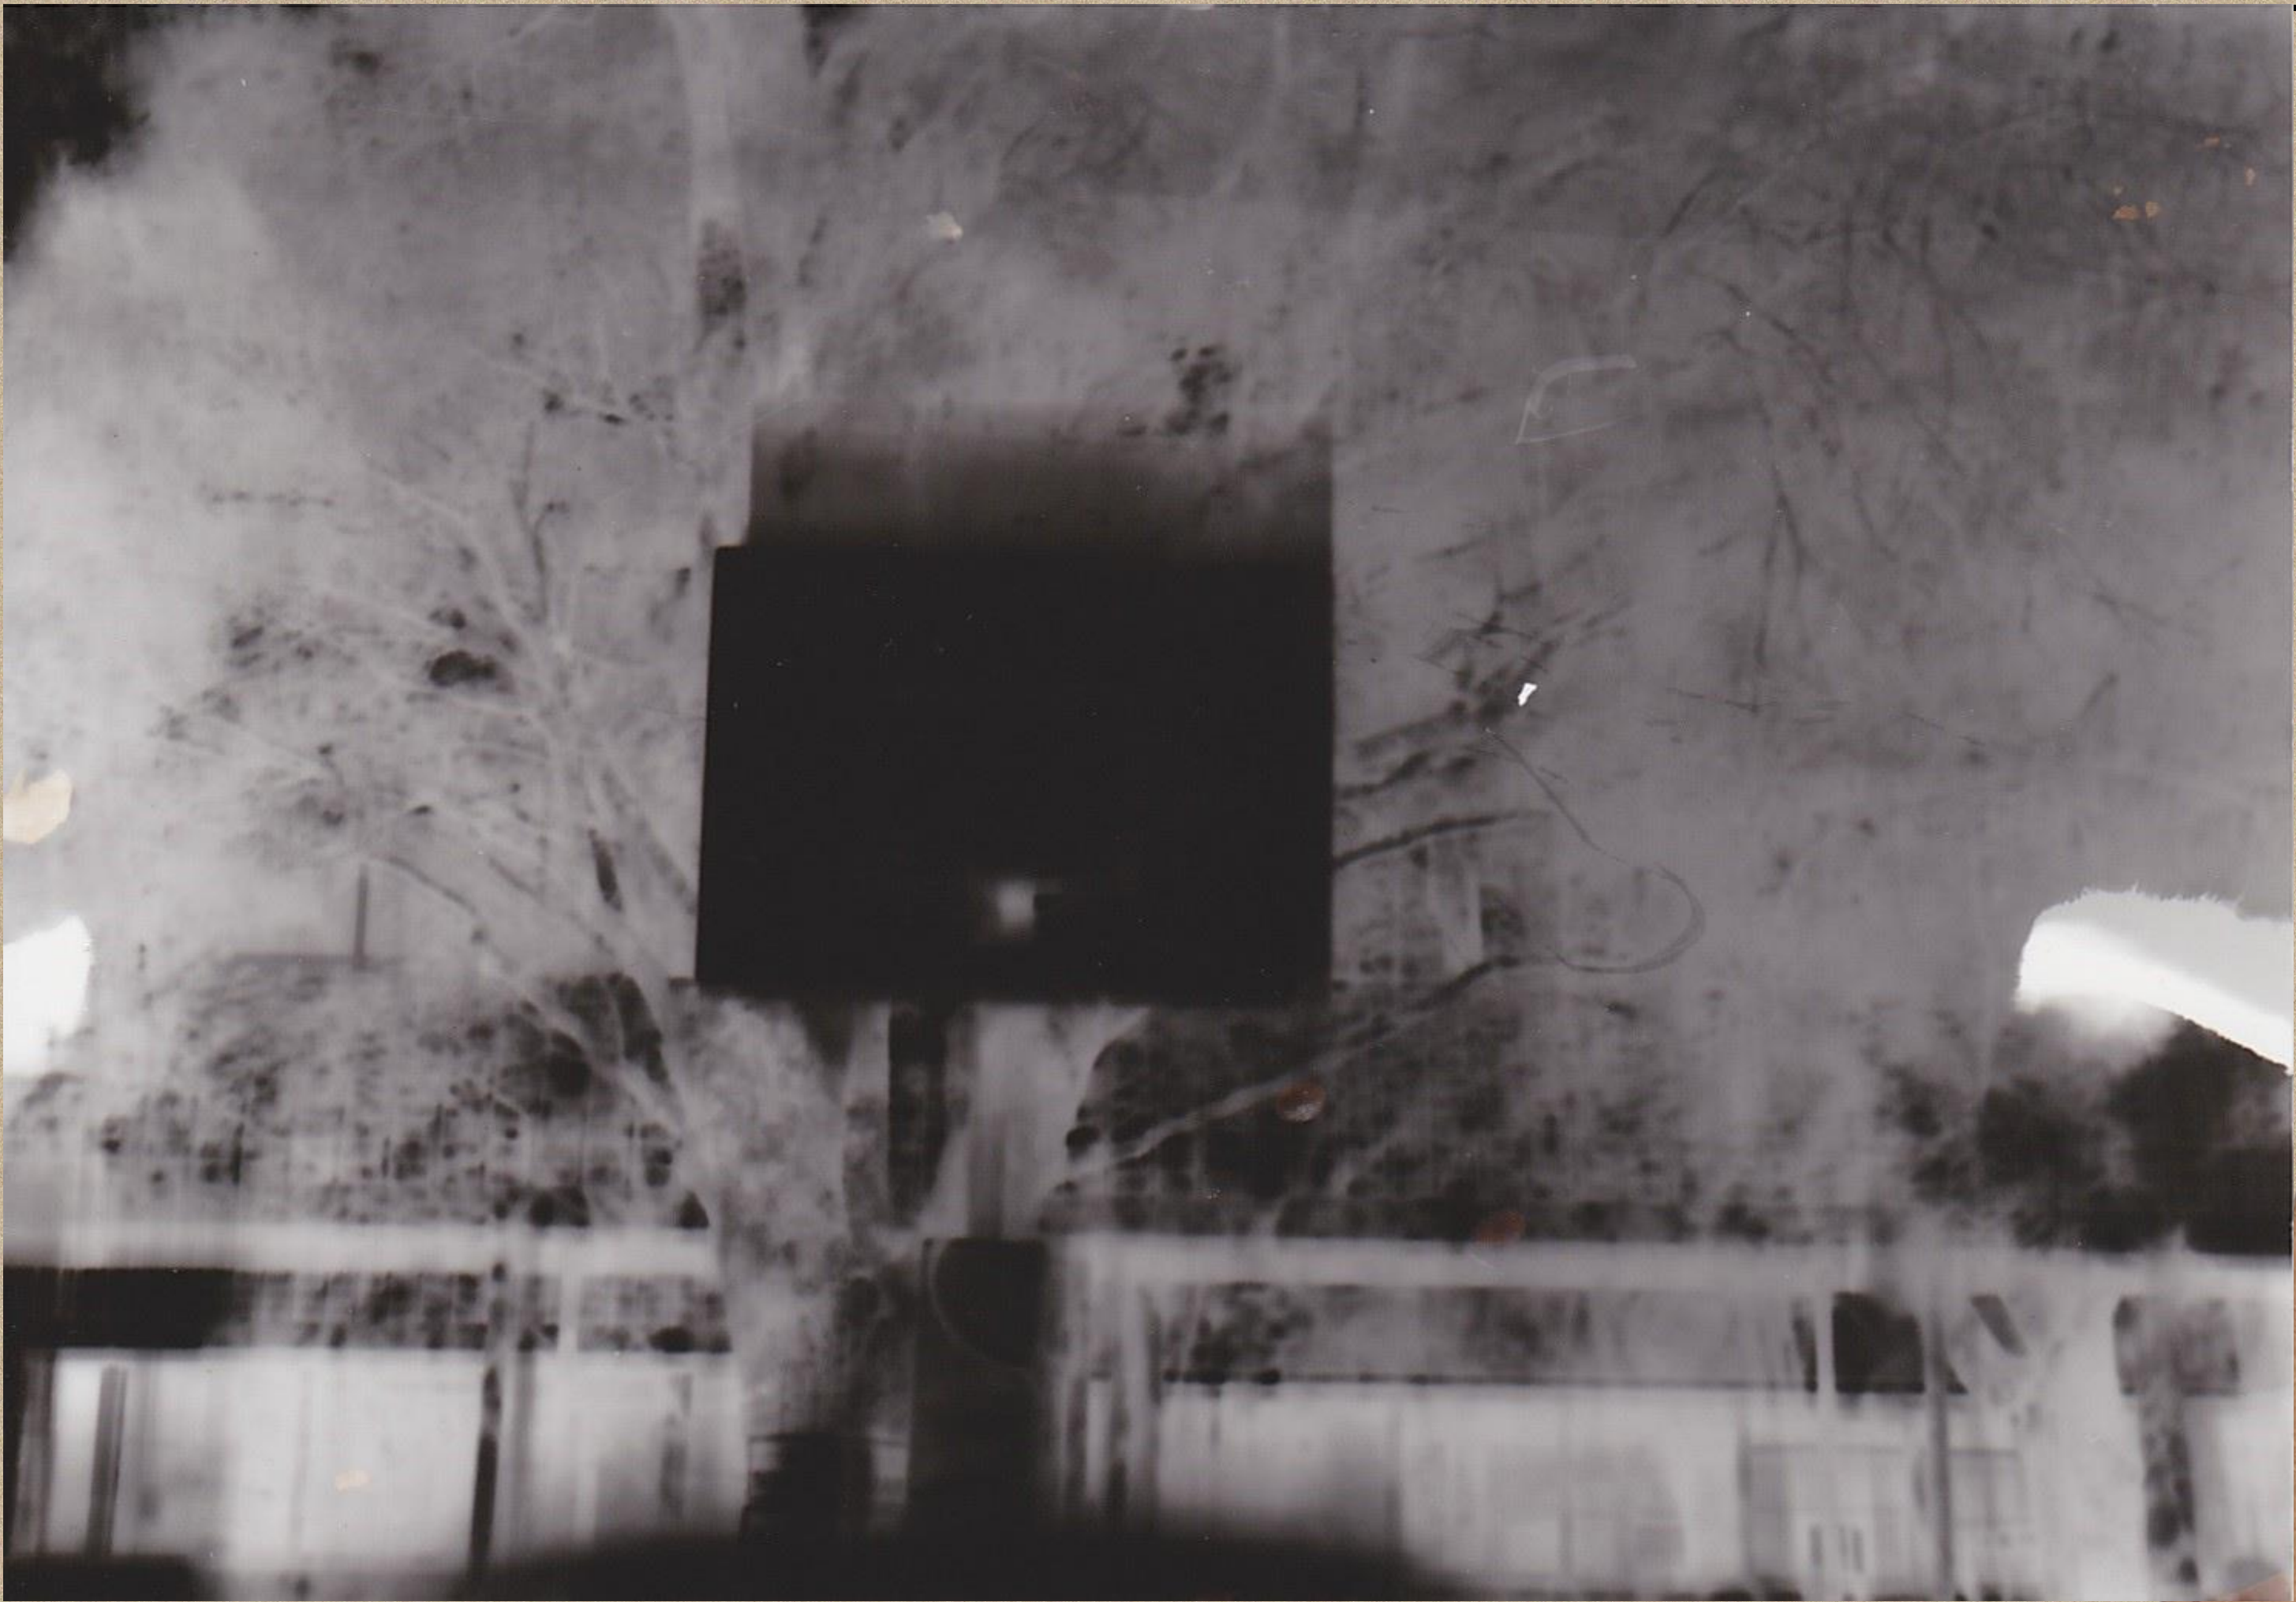

**Lucie was there**

**!**

**Thank You**
